EXHIBIT A

SECTOR & GEOGRAPHIC REGION DEFINITIONS

This schedule defines the Sector & Geographic Region definitions, approved by the Board of Directors, to be used for the purposes of reporting Unmodified Gross Assets pursuant to Section IV.C of the Rating & Premium Plan. For the avoidance of doubt, this schedule is reproduced for convenience only; It does not form part of the Rating & Premium Plan and should not be used for any coverage guidance or interpretation. The language of the policies shall be controlling in all cases.

The definitions of the terms defined in the Shareholders' Agreement and exhibits thereto are incorporated by reference into this Schedule.

SECTOR DEFINITIONS

On December 8, 2016, the Board of Directors approved effective January 1, 2017, the following Sector definitions:

“Offshore Exploration & Production” means the Sector for reporting Unmodified Gross Assets that are physically located Offshore (including Pipelines) in respect of companies or business operations engaged in the exploration, development, production, processing, and on-site storage of hydrocarbons.

“Onshore Exploration & Production” means the Sector for reporting Unmodified Gross Assets that are physically located Onshore in respect of:

- (1) companies or business operations engaged in the exploration, development, production, processing, and on-site storage of hydrocarbons, and/or
- (2) extraction of bitumen from oil sands by the Steam Assisted Gravity Drainage Process (SAGD) (the drilling of injection and production wells, steam injection in order to separate the bitumen from the sand, and collection of the bitumen and pumping it to the surface).

“Refining & Marketing / Chemicals” means the Sector for reporting Unmodified Gross Assets in respect of:

- (1) companies or business operations engaged in the manufacturing, transportation (excluding Pipeline Operations), distribution, and/or sale of:
 - (a) motor gasoline,
 - (b) distillate fuels,
 - (c) lubricants,

- (d) synthetic crude oil refined (upgraded) from bitumen extracted from oil sands,
 - (e) other refined products derived from hydrocarbons (including synthetic crude oil), and
 - (f) chemicals of all types other than Pharmaceuticals, and/or
- (2) co-generation electricity plants located within or adjacent to refinery complexes.

“Pharmaceuticals” means the Sector for reporting Unmodified Gross Assets of companies or business operations engaged in the discovery, development, manufacturing and marketing of vaccines, prescription and over-the-counter medicines, and health-related products for humans and animals.

“Pipeline Operations” means the Sector for reporting Unmodified Gross Assets that are physically located Onshore (other than those accounted for under another business Sector) in respect of:

- (1) companies or business operations engaged in the transportation via Pipelines, and/or processing, and/or terminaling, and/or storage of fluids, and/or
- (2) underground cables.

“Electric Utilities” means the Sector for reporting Unmodified Gross Assets of companies or business operations engaged in the generation (excluding co-generation electricity plants located within or adjacent to refinery complexes), storage, transmission, and/or distribution of electrical energy.

“Mining” means the Sector for reporting Unmodified Gross Assets of companies or business operations engaged in the exploration for and/or mining of and/or extraction of:

- (1) mineral deposits or ores, and/or
- (2) coal, and/or
- (3) oil sands for transportation to extraction plants, and/or
- (4) bitumen by a hot-water wash (often referred to as the steam process).

“Other” means the Sector for reporting Unmodified Gross Assets that do not qualify under any of the other Sector definitions.

Note: **Inventories** should be classified under the business sector in which they are accounted for.

GEOGRAPHIC REGION DEFINITIONS

On July 19, 2007, the Board of Directors resolved that the number of international statute miles to be used for determining the Onshore Coastal portion of a Geographic Region shall be fifty (50).

Within each of the Geographic Regions defined below the Unmodified Gross Assets shall be further broken down by either (1) country, or (2) in the case of the United States of America by state, District of Columbia, territory, or possession.

On December 6, 2012 the Board of Directors approved the following Geographic Region definitions:

The **“Offshore Gulf of Mexico Geographic Region”** is the portion of the Atlantic Basin (i.e., Offshore areas only) bounded on the northeast, north and northwest by the states of Texas, Louisiana, Mississippi, Alabama, and Florida, on the southwest and south by Mexico, on the southeast by Cuba and between Mexico and Cuba by a line drawn between Chetumal, Quintana Roo, Mexico and La Jagua, Cuba and between Cuba and Florida by a line drawn between Santa Clara, Cuba and Miami, Florida.

The **“Onshore Gulf of Mexico Geographic Region”** is the Onshore Coastal areas appurtenant to (and islands within) the Offshore Gulf of Mexico Geographic Region.

The **“Offshore Upper Atlantic Geographic Region”** is the portion of the Atlantic Basin (i.e., Offshore areas only) bounded to the south by the latitude of the most easterly point of the border of the states of Florida and Georgia.

The **“Onshore Upper Atlantic Geographic Region”** is the Onshore Coastal areas appurtenant to (and islands within) the Offshore Upper Atlantic Geographic Region.

The **“Offshore Non-Gulf of Mexico, Caribbean & Mid-Atlantic Geographic Region”** is the portion of the Atlantic Basin (i.e., Offshore areas only) bounded to the west and north-west by the Offshore Gulf of Mexico Geographic Region and bounded to the north by the latitude of the most easterly point of the border of the states of Florida and Georgia, and bounded to the south by latitude 11.5° north.

The **“Onshore Non-Gulf of Mexico, Caribbean & Mid-Atlantic Geographic Region”** is the Onshore Coastal areas appurtenant to (and islands within) the Offshore Non-Gulf of Mexico, Caribbean & Mid-Atlantic Geographic Region.

The **“Offshore Lower Atlantic Geographic Region”** is the portion of the Atlantic Basin (i.e., Offshore areas only) bounded to the north by latitude 11.5° north.

The **“Onshore Lower Atlantic Geographic Region”** is the Onshore Coastal areas appurtenant to (and islands within) the Offshore Lower Atlantic Geographic Region.

EXHIBIT B

- 1) **Standard Premium Only Option:** If a member elects this option, they are entitled to a limit of \$240M (60% of \$400M). The 40% quota share (\$160M) may be retained by the member or insured in the commercial market.
- 2) **Flat Premium Option:** By electing the Flat Premium option (Pool B) with a 0% quota share, a member has 100% mutualization (60% coverage under the Standard Pool and 40% coverage under the Flat Pool). Alternatively by electing a 10%, 20% or 30% Flat Premium internal quota share, they will be reducing the \$400M limit (or reduced limit) proportionately.
- 3) **Retrospective Premium Plan – 8 Business Sectors (Non-Windstorm):** If a member elects this option, they are entitled to the full \$400M limit but will be required to pay back a retro premium over 5 years (for the 40%) based on their individual losses. The payback is on a straight-line basis. If this option is required, select “Yes” and check 40% participation (for the full \$400M limit). Alternatively by electing 10%, 20% or 30% participations, the \$400M limit will be reduced to \$280M, \$320M or \$360M respectively.

Telephone: (441) 295-0905

Facsimile: (441) 295-0351

Retrospective Premium Plan – Offshore/Onshore excess pools (Windstorm): For the Offshore/Onshore excess pools, a member is entitled to a maximum per shareholder limit of \$150M part of \$250M limit. For the remaining \$100M (40% of \$250M), a member could: 1) Retain/self-insure, (2) Purchase in the commercial market, (3) Elect coverage from OIL under the Retro Plan or (4) Combine one or more of the above options.

If you require coverage for the full \$100M uncovered portion, select “Yes” and check 40% participation. This will entitle you to the full \$250M limit for windstorm. Alternatively, by electing 10%, 20% or 30% participations, the \$250M limit will be reduced to \$175M, \$200M or \$225M respectively. In the event of a loss, a retro premium will be payable over 5 years on a straight line basis.

If you do not wish to elect retro coverage for either the 8 business sectors or the windstorm excess pools, check “No” in each category
